

Day of Neighbors Will Be Observed Here on June 12

**Demonstrations of Good
Will To Be Held Through-
out the City; Plan to
Stage the Event Each Year**

A demonstration of neighborliness and good will, participated in by representatives of all sections of New York City, will be held June 12, under the auspices of the Community Councils and the National Social Unit Organization, in cooperation with other social and civic associations, it was announced yesterday.

Mrs. Willard Straight, chairman of the committee in charge of the plan, has designated June 12 as Neighbors' Day, and it is proposed to make it an annual event. Eighty distinct ceremonies are expected to mark the day this year. The programs will be as varied as the communities in which they are held.

Committees have been formed in each borough. Mrs. Charles Cary Rumsey heads the Manhattan committee; Senator William Calder, the Brooklyn committee, with Wilnot rector as executive; F. G. Randall, president of the Queens County Council, is chairman in Queens; the Rev. D. H. Brown, of New Brighton, S. I., heads the Richmond committee, and George C. Crowley is chairman of the Bronx.

In Manhattan, twenty-eight communities are at work. The Bowling Green Neighborhood Association is planning a big demonstration at the Battery. In the Jefferson district, Harlem House is working up an Italian street festival, with booths along the blocks, and street singing. John Jay Community Council, in the Bohemian quarter of the city, will have a parade in the afternoon. In the evening there will be a festival and community sing at Avenue A and John Jay Park.

The Richmond Community Council, in the Yorkville section of the East Side, is planning a parade with tableaux at each street corner, all episodes in a pageant, the final acts of which will be staged in Carl Schurz Park. The theme of the pageant will be the industrial and recreational life of the district, and the celebration will end with a revival of the New England town meetings. Greenwich Village Council, Washington Square Association and Community Council and Green House have combined to stage a pageant depicting the life of John of Arc. The pageant will be in Washington Square.

Eighteen separate Community Councils and neighborhood committees are planning simultaneous celebrations in the Bronx, Forham-Bedford Park, and other districts.

Publication of the decision of the Hungarian government to sign did not lead to disorders, but the situation resulting from the news appears to be grave.

Gloom pervaded the city after the news was printed and streets that were usually filled with gay and brilliant throngs were almost deserted. Guards had been posted everywhere. It is reported that many supposed suicides have been found in the Danube, and the newspapers attribute these to the government's action.

Conditions in West Hungary seem to be very serious, reports stating Hungarian soldiers plan to disobey orders from the city to evacuate territory to Austria under the treaty.

Turk and Armenian Arrested
After Police Pursue Two
Fleeing Thieves**

Yes Ton, a Chinese who conducts a laundry at 588 Eleventh Avenue, was sandbagged and robbed yesterday morning by two men. When Yes Ton turned to a shelf to search for the laundry one of the men felled him. They took \$38.02 from the cash register, a gold watch and chain and several small articles.

The Chinese pointed out the fleeing thieves to Patrolman William Horan. He pursued and arrested two men, who described themselves as follows: Louis George, a Turk, 22 years old, of 275 West Twenty-second Street, and Samuel Papoulin, an Armenian, 26, 442 West Twenty-sixth Street.

**Prince Jaime Unimproved
Deafness of Spanish Royal Mem-
ber Continues, Says Secretary**

MADRID, May 29.—Prince Jaime's affliction of deafness has not been modified in any way, despite widely published reports, according to the king's secretary, Emilio Torres. English and other doctors who examined the prince failed to discover a remedy. The prince enjoys excellent health, is notably intelligent and speaks fluently. Those persons with whom he converses scarcely notice his affliction. The prince is able to follow with ease the mouth movements and expressions of those speaking.

Other persons in the royal suite have confirmed the secretary's declaration.

Fourteen Icebergs Reported

Captain W. H. Fleming of the steamship Munaires, which arrived here yesterday from Rotterdam, reported having passed through large ice fields 750 miles east of Halifax. He reported fourteen icebergs of various sizes.
